Multi-Function Play, Agility & Exercise

Dogs can run up the incline and down the decline at their own pace and level of confidence. Incline and decline training helps build muscle in a dog's legs and torso while developing balance and endurance. The solid platform on four posts is designed to be multi-functional to accommodate multiple dogs for optimal training. Shade tunnel underneath and training platform on top.

Warranty – RPW

- 1 year craftsmanship
- 5 years hardware
- 50 year DuraDog warranty on play surface materials, warranted against rotting, insect manifestation, splitting or materials failure. Weathering, color fading or warping is considered normal to materials and is not considered covered under warranty.
