

# INTERACTIVE ANIMAL SERIES

| Item (NTC) | Approx. Dimensions | Weight    | Item Number  |
|------------|--------------------|-----------|--------------|
| Ranger     | 8'L x 5'W x 5'H    | 2,000 lbs | DL-RANGE-NTC |

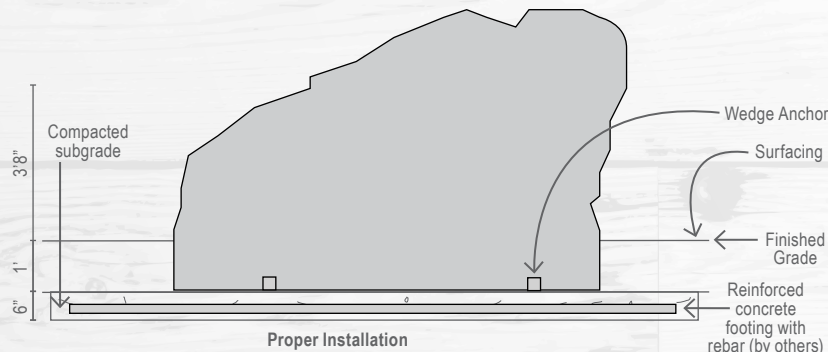

## Ranger

Unleash the spirit of the wild with Ranger, a rugged and visually stunning canine climbing sculpture that transforms any dog park into an adventure. Ranger is more than play equipment—he's a landmark.

Dogs of all sizes can climb, explore, and perch atop Ranger's back. Whether they're navigating the textured surfaces or lounging at the top, pups will love every moment spent on this naturalistic centerpiece.

## Features

- Material: Reinforced Crafted Concrete
- Fun for dogs of all sizes
- Professional Installation Required: Heavy structure requires placement via forklift, telehandler or skid steer

# NATURAL PLAY SERIES

| Item (GRC)           | Approx. Dimensions           | Weight    | Item Number   |
|----------------------|------------------------------|-----------|---------------|
| Rocky Mountain Climb | 6'-10" L x 5'-1" W x 3'-0" H | 1,400 lbs | DL-ROCKMT-GRC |
| Rocky Tunnel Climb   | 8'-6" L x 7'-6" W x 2'-6" H  | 3,200 lbs | DL-ROCKTN-GRC |

## Natural Play Structures

Bring the rugged adventure of the outdoors to your dog space with our Natural Play Series—realistic, nature-inspired play elements designed to challenge, entertain, and engage dogs of all breeds and sizes. Designed with both form and function in mind, these pieces inspire healthy play while enriching any outdoor space with rustic charm and durable craftsmanship.

Perfect for parks, boarding facilities, training centers, or residential pet retreats, these structures transform ordinary dog spaces into enrichment zones where pups can climb, perch, and play.

## Rocky Mountain Climb

Crafted with authentic rock textures and contours, the Rocky Mountain Climb is a four-sided climbing structure that mimics the feel of natural stone formations. Each side offers a different degree of climbing difficulty, encouraging dogs to explore, exercise, and develop confidence through physical play.

## Features

- Material: Reinforced Crafted Concrete
- Anchors securely for high-traffic use and long-term reliability
- Climbing surfaces for both exploration and agility development
- Professional Installation Required: Heavy structure requires placement via forklift, telehandler or skid steer

## Benefits

- Boosts physical agility and mental stimulation
- Encourages social interaction between dogs
- Promotes confident movement through tunnel and climb zones
- Promotes instinctive natural behavior with structured play

## Rocky Tunnel Climb

The Rocky Tunnel Climb is a multi-functional play and agility structure that blends a realistic rock-style tunnel with an artificial turf-covered hill (not included), offering dogs of all sizes and abilities an enriching sensory experience.
