Purpose-Designed Dog Play Structures for Social Enrichment

The Social Play Series is a line of purposefully engineered dog play structures designed to promote social interaction, physical activity, and environmental enrichment for all dogs.

Ideal for dog parks, enrichment yards, boarding facilities, and community spaces, the Social Play Series blends functional design with engaging aesthetics to create canine experiences that are safe, dynamic, and full of tail-wagging fun.

Post, Handrails, Perforated Cool Dog Vented Roof

Thermo-Plastic Colors -

Perforated Cool Dog Vented Play Platforms

Dogs thrive when they can interact, play and socialize with other dogs in open play.

Features

- Powder-coated steel for long-lasting durability and performance
- In-Ground (IGM) or Surface Mounted (SFM) Options
- Cool Dog Technology—exclusive roof design that enhances ventilation and reduces surface heat, keeping dogs comfortable during play.
- Optional wire mesh panels can be added between posts.
- Lead Time: 8-12 Weeks

Quality and Innovation

- The Social Series is designed for dogs to be able to play and integrate together for the ultimate social experience.
- These products are crafted with the highest quality materials to create a durable and safe product.
- We leave the areas open so people can interact with the dogs.
- The Social Cafe 24 is 24" jump height, and the Social Cafe 36" is 36" jump height with a mulch, grass or soft absorbing jump landing area.
- We provide several color options so you can them the products to meet your color schemes.

SOCIAL PLAY SERIES

Safari Rumble

DL-DL-SPRBL-SPS

Dimensions: 3' W x 18' L x 16' H

36" Jump Height

A playful, multi-level design with shaded tower and mid-height bridge that offers dogs a fun way to climb, explore, and socialize. Raised central platform with side access stairs. One roofed tower with Cool Dog Technology. Optional wire mesh panels available.

Social Play Cafe 36

DL-SPLY36-SPS

Dimensions: 3' W x 12' L x 12' H

36" Jump Height

A spacious, three-platform layout with two pitched-roof towers for a welcoming, open-air look. Perfect for high-capacity areas. Elongated design encourages movement. Gabled roof for architectural appeal. Ideal for multiple dogs at play

Social Play Cafe 24

DL-SPLY24-SPS

Dimensions: 3' W x 12' L x 12' H

24" Jump Height

A space-efficient twin tower structure, perfect for smaller parks or intimate settings where dogs can relax and interact under shaded cover. Two perforated steel roofs. Compact platform with dual access. Great for low to mid-energy dogs.
